**Kenneth G. Hamilton  
1940**

The papers by and relating to John Ettwein were collected by Kenneth G. Hamilton from various collections at the Moravian Archives in Bethlehem. He organized, numbered, and listed them as an appendix to his biography of Ettwein. Hamilton did not consider the provenance of the documents but combined them on the basis of their relationship to John Ettwein. Hamilton's descriptions were transferred into the computer system by Kieran Madden in 2012.
